Flying In:

- TIEC is equidistant between Greenville-Spartanburg (**GSP**) and Asheville (**AVL**) airports at about 30 minutes driving time. Charlotte (**CLT**) may have direct flights but is a bit farther (45-60 minutes depending on traffic). Prices for flights are usually lowest into GSP, which is served by Allegiant, American, Delta and Southwest airlines. Atlanta (**ATL**) is about a 3-hour drive, also depending on traffic. Direct flights to either CLT or ATL can be more expensive than into the regional airports closest to TIEC.
- Rental cars are not needed once you arrive at TIEC. Golf carts are available for rent at \$55 per day and we encourage sharing rides! 1-bedroom cabins are within walking distance to the barns/arenas.
- Airport shuttles are available to TIEC. A special shuttle rate from GSP has been arranged for people coming to TIEC for the ATA convention: \$40 one way, \$60 round trip. The shuttle must be booked in advance. Shuttles are available from AVL and CLT but are more costly.
- **Contact Pat Luttgen at pjlneuro@aol.com, or 303-880-3773** with your flight information as soon as you have it to be put on the shuttle schedule. Some wait may be needed if flights are arriving near the same time.

Ride-Share (People and Horses):

- If you can offer a ride or trailer space for people/horses that may be coming from your area or along your route, or if you'd like to be able to hitch a ride with a fellow ATA member, contact Pat Luttgen at the email or phone number above and we will maintain a list to match up transportation, where possible.
